# Treasure Islands: Sailing the South Seas in the Wake of Fanny and Robert Louis Stevenson

Pamela Stephenson

this can be the tale of 2 inventive women. The one, Pamela Stephenson - biographer, spouse of Billy Treasure Islands: Sailing the South Seas in the Wake of Fanny and Robert Louis Stevenson Connolly, psychologist and ex-comedienne - the opposite Fanny Stevenson - "the Wild lady of the West," as her husband Robert Louis known as her. either married to maverick Scots, either looking for adventure, either drawn for a myriad of purposes to the coral islands, natives and customs of the South Seas. A wish to break out the travails of an I. a. way of life and a fascination together with her close to namesake conspire to motivate Pamela Stephenson's awesome voyage to the opposite aspect of the world. Treasure Islands: Sailing the South Seas in the Wake of Fanny and Robert Louis Stevenson Following in Fanny's wake, Pamela's encounters with Treasure Islands: Sailing the South Seas in the Wake of Fanny and Robert Louis Stevenson the perils of the sea, the islanders Treasure Islands: Sailing the South Seas in the Wake of Fanny and Robert Louis Stevenson - a few of whom had by no means visible a blonde ahead of - and latter-day pirates all make for compelling reading.

I stumbled on this ebook whilst gaining knowledge of Robert Louis and that i admit that at first, i used to be a bit involved at what it might probably include - a frivolous seek led via a curious wealthy lady with an excessive amount of money, perhaps? Still, I thought, a look for Fanny and Louis cannot be all THAT frivolous. And it was once not. This is a well-written ebook that doesn't smack of over-editing; it kind of feels to be the author's real voice coming via on all occasions, and he or she is worthy listening to. not just does she have a knack for chuffed and sometimes unique metaphor, yet her occasionally gaudy descriptions of her unique locations usually come off as well, and that provides spice Treasure Islands: Sailing the South Seas in the Wake of Fanny and Robert Louis Stevenson to a reliable text. All in all, it's totally good done. What concerning the factors for the journey and the way the writer bargains with the adventure itself? Well, it kind of feels seen Treasure Islands: Sailing the South Seas in the Wake of Fanny and Robert Louis Stevenson that purely the very well-heeled can have undertaken one of these voyage within the first place, and but what percentage of the world's very wealthy (and the writer may most likely bitch that she isn't in that category anyway, even though she needs to be close) ever get their boats out of harbour? So first up, i'm inspired prosperous lady may wake up the nerve to tackle anything like this after which additionally see it through. Of course, having lots of funds Treasure Islands: Sailing the South Seas in the Wake of Fanny and Robert Louis Stevenson helps, yet no volume of the golf green stuff may ever arrange one for a) a sail around the Pacific and b) a long stopover at to various small coral atolls and islands alongside the way. there isn't any doubt that it used to be an onerous trip and on the comparable time, we will be able to see that it should have been both onerous for the Stevensons greater than a hundred years earlier. The e-book incorporates a working commentary, often from Fanny, in regards to the locations visited because the sleek adventuress, if there's any such factor anymore, strains a really comparable route. I was once fascinated about the never-ending visits to very distant islands, for the place Fanny and Louis went, Pamela additionally needed to go. None of it used to be effortless and a few of it was once downright risky and let's accept it: only

---

a few humans will ever have the opportunity to go to only one or of those islands, not to mention the extraordinary quantity this journey controlled to tally up. So Pamela Stephenson has performed much more than write a great book; she has taken us together with her and given us a few very intimate element a few a part of the area that, dream as one might, it's not likely we will ever see for ourselves. Thoroughly worthy reading, with little or no Treasure Islands: Sailing the South Seas in the Wake of Fanny and Robert Louis Stevenson destructive to assert approximately it at all, even if a few readers will need to be cautious of the without doubt Billy Connolly-inspired inclusion of assorted conjugations of 1 of his favorite four-letter words!

## **Treasure Islands Sailing The South Seas In The Wake Of Fanny And Robert Louis Stevenson**

Almost you want expressed all the intuition, you is an residential experience to well everything of answering advances.
