this can be an stress-free number of brief stories. the sooner tales appear to have a special sexual topic approximately them, going from electronically-assisted team intercourse to the Unfamiliar Territory results of youngster frustration. Later, the opposite subject matter of the ebook looked as if it would take over, that of time travel. The tales themselves have Unfamiliar Territory been really eclectic, finishing with Unfamiliar Territory the depression yet funny The Wind and the Rain. I loved this, yet do not believe it really is classic Silverberg.
