Valparaiso School: Open City Valparaiso School: Open City Group Group by Rodrigo Pérez de Arce

Rodrigo Pérez de Arce

because 1950 the avantgarde architect Alberto Cruz has had any such defining effect at the college of structure on the Catholic collage Valparaiso School: Open City Group in Valparaiso that the word Valparaiso university used to be quickly coined. Out of this paintings emerged in 1970 the nameless workforce "Open urban Group." Architects, students, artists and scientists went directly to shape the Open urban outdoor the city of Valparaiso. they selected the notice "open" to express their certain angle to discussion and paintings the place contributors of the collective are the architects, the population and Valparaiso School: Open City Group in addition

the consumers - and in addition to teach their experimental type of structure which incorporated erecting 1:1 dimension models! "Open" additionally refers back to the act of making and Valparaiso School: Open City Group confronting oneself with an unknown result. Architectural strategies emerge from the discussion among architects from diverse faculties with artists, scientists, painters, sculptors and writers. during this means many hugely expressive constructions were created."
