"Weed Man" - The awesome trip of Jimmy Divine - is John McCaslin's account of the incredible exploits of a Jimmy Moree - a law-abiding citizen grew to become million-dollar drug trafficker, who, amidst occasionally unbelievable, hilarious and escalating circumstances, risked existence and limb to either make - and provides away - a fortune. Shiploads of Colombian weed Sack a great deal of money Island huts made up of marijuana bales Trafficking medicines whereas directing the local crime watch Crooked law enforcement officials and politicians and CIA operatives "Weed Man" information exploits of 1 of the largest drug traffickers to infiltrate the United States. D.C. political columnist John McCaslin's account of a law-abiding citizen grew to become swashbuckling Caribbean Robin Hood is an unbelievable, wonderful - and actual - tale of crime, excessive jinx at the excessive seas. It was once on a secluded cay within the Bahamas one differently usual morning that Jimmy Moree went for his traditional jog at the beach--one that modified his existence forever. After all, what number of people bump into numerous million cash whereas exercising? Soon, thousands extra may fall into his lap. And with each million, Jimmy spins an awesome yarn, every one extra brilliant than the last--like whilst he attempted to poison a median neighbor with a perilous barracuda; how ungodly deception prompted him to thief the holy clothing and id of his Catholic college priest and principal; why a number of thousand kilos of fairly effective marijuana got here to be saved within the move slowly area of a church in the course of its Easter services; his severe generosity proven to the bad farmers and fishermen who helped deal with his unwell mother; and his not going view as of 1 of the world's greatest drug smugglers from his pew on the royal marriage ceremony of Prince Charles and woman Diana. Endorsements "I'm overjoyed to determine that John McCaslin has climbed out of his political trench in Washington lengthy sufficient to set sail in this mind-blowing trip in the course of the precarious Caribbean reefs, and beyond. Somehow, in common McCaslin fashion, he manages to convey his readers again to the nation's capital in a bankruptcy that might Weed Man: The Remarkable Journey of Jimmy Divine definitely have legitimate tongues wagging in Washington." -- Katie Couric, anchor and handling editor of the CBS night information and previous co-host of NBC's Today "This tale is so compelling . . . What I beloved and disliked approximately this publication are essentially a similar thing, the most personality Jimmy. the tale is ready how he unintentionally came upon a few bales of marijuana, offered it and a brand new occupation as drug broker used to be born. the main points of the way the Weed Man: The Remarkable Journey of Jimmy Divine drug exchange operated within the Bahamas less than Jimmy's gang have been interesting. What i did not like was once that interpreting this ebook was once that it felt to me like sitting down with a superb personality of a man and hearing him let you know fun tales which are decorated to maintain your curiosity up. he's additionally simply the main natural drug broker ever! does not drink, smoke (tobacco or weed), is an honest Christian, steals from the wealthy and offers to the bad (where have we heard this before), and naturally he may by no means deal medicines resembling cocaine or heroin. i might tire of hearing this blowhard man after one or vignettes and that is how I reacted to the book. I beloved him yet i did not purchase the entire story.
