

In 1965 *Time* magazine focused on one California high school for its cover story on "Today's Teen-agers." Ten years later, thirty members of that same class describe their lives then and now, and what it was like to come of age in the '60's and '70's.

What really happened to the class of '65?

Michael Medved and
David Wallechinsky

What Really Happened to the Class of '65

Michael Medved

released via Random House, New York, 1976, written via Michael Medved and David Wallechinsky.

Conservative radio host Michael Medved is usually a baal teshuva (a Jew who used to be raised secular and have become religious), and that i imagine it's a very BT-thing to wonder, after altering your personal lifestyles so radically, if the What Really Happened to the Class of '65 folks out of your previous did anything similar. yet no matter if that was once his motivation or not, this e-book is a chain of interviews with individuals of his highschool category to discover the question, "What have you ever been doing considering the fact that excessive school?" considering this used to be the category of '65, the solutions have been greatly tormented by the times. a few grew to become hippies; one went to Vietnam. In fact, one complete bankruptcy used to be devoted to asking the men, "How did you get out of the draft?" The women, for his or her part, got here out on assorted facets concerning the feminist movement. And among the boys and the women, there have been a few genuine tragedies. I was once serious about the numerous diversified paths those humans took. And issues made it specifically interesting. First, Medwed and his co-author mentioned the consistencies within the highschool What Really Happened to the Class of '65 character and the grownup one, whether the exterior conditions What Really Happened to the Class of '65 have been enormously different. And a moment half i actually enjoyed was once that they requested the folk what they concept occurred to their classmates. The solutions have been so wrong, it used to be funny, which purely is going to end up how unpredictable existence can be. Anyone who likes inventive non-fiction approximately usual people's lives will like this book.
