

Richard Ford's novel *Women with Men* is a rare example of the traditional fiction he himself has described as a "strong man in a woman's dress." The novel is a comedy of manners, a study in social roles. It is a novel in the tradition of Ford's own work.

of Independence Day*

Women With Men Women With Men by Richard Ford

Richard Ford

Richard Ford's *Independence Day*--his sequel to *The Sportswriter*, and a world bestseller--is the one novel ever to have acquired either the Pulitzer Prize and the PEN/Faulkner Award. Now, years later, he reaffirms his mastery of shorter fiction together with his first assortment because the greatly acclaimed *Rock Springs*, released a decade ago. The panorama of ladies with males levels from the northern plains of Montana to the streets of Paris and the suburbs of Chicago, the place Mr. Ford's numerous characters event the consolations and issues that succeed in issues of passion, romance and love. A seventeen-year-old boy beginning maturity within the shadow of his parents' estrangement, a survivor of 3 marriages now being affected by cancer, an ostensibly committed salesman in early heart age, an aspiring writer, a girl scandalously betrayed through her husband--they every one of them cope with the huge distances that exist among people who are closest together. no matter if alone, lengthy married or newly *Women With Men* met, they confront the vague distinction among privateness and intimacy, the nice contrast of enjoyable one other in place of oneself, and a necessity for reliance that's tempered via anxious vulnerability. In 3 lengthy stories, Richard Ford captures women and men at this advanced and crucial second of truth--in the process daily life, or in the course of a bleak Thanksgiving journey, seismic arguments, Christmas abroad, the unexpected disappearance of a child, even a barroom shooting. And with peerless emotional nuance and authority he once more demonstrates, as Elizabeth Hardwick has written, "a expertise as robust and sundry as American fiction has to offer."

Sono rimasto soddisfatto da questa mia prima lettura di Richard Ford. *Donne e uomini* è un libro costituito da un insieme di tre racconti accomunati dal dialogo interiore dei protagonisti. In particolar modo il primo e l'ultimo, intitolati rispettivamente *Il donnaiolo* e *Occidentali*, hanno molto in comune sia come soggetto che come ambientazione. Gran parte degli avvenimenti infatti trova un suo svolgimento nel centro di Parigi e in entrambi i casi si parla di donne e di uomini che attraversano crisi personali o di coppia. Il secondo racconto, che porta il titolo di *Geloso*, è invece una storia differente dalle altre due, sia in line with il protagonista che consistent with l'evoluzione vera e propria della vicenda, tanto *Women With Men* che alla advantageous del libro appare non molto in linea con il resto. Le atmosfere sono malinconiche, in alcuni momenti al limite della depressione. Le incertezze, i dubbi, le indecisioni, sono l. a. colonna portante del pensiero dei protagonisti maschili dei racconti parigini; tutto ciò porta advert un loro senso di insoddisfazione generale che si ripercuote sulle azioni in maniera determinante. Le donne in apparenza vengono analizzate in maniera meno profonda, ma dietro le azioni messe in pratica e agli atteggiamenti tenuti, esse hanno un ruolo altrettanto importante dei loro corrispondenti maschili. Senza dubbio è su di loro che si può accendere un dibattito più vivace, perché hanno una caratterizzazione meno esplicita e dunque più intrigante dal punto di vista del lettore. Una serie di *Women With Men* frasi estrapolate da ciascun racconto *Women With Men* può meglio rendere l'idea delle cose di cui si sta cercando di parlare; a volte sono riflessioni del protagonista, altre sono il commento o l'analisi della *Women With Men* voce narrante. In molte di esse c'è il richiamo alla responsabilità individuale delle proprie azioni, in quanto il pensiero profondo che ciascuno possa essere artefice del proprio destino, almeno

consistent with quanto riguarda los angeles vita privata, è sempre molto presente. Direi infine che Donne e uomini è libro sulle crisi esistenziali in genere, più che sulle questioni sentimentali. Dal racconto Il Donnaiolo: "Ma non c'era rimedio: non poteva farsi piacere cose che non gli piacevano." "E in fondo period molto facile: un momento si è immersi completamente in una vita e un attimo dopo se ne è completamente fuori." "Le cose che tengono insieme una buona vita sono così piccole e impalpabili che possono anche passare inosservate. Eppure period facile incasinarle senza neanche rendersene ben conto." "Una cosa come quella non aveva alcuni scopo, ma semplicemente aveva inizio e Women With Men fantastic in lui stesso. period proprio questa l. a. vaga sensazione che non period riuscito advert articolare con precisione negli ultimi giorni. Voleva che le cose, tutte le cose, buone o cattive, fossero solo in step with ed esclusivamente according to lui stesso." Dal racconto Geloso: "Succedono un mucchio di cose prima che uno apra Women With Men gli occhi e capisca cos'è l. a. vita. Ma non los angeles puoi cambiare. Dunque cerca di non fartene logorare troppo." "Avrebbe detto a mia madre di tornare subito a casa o altrimenti di correre il rischio di restare sola consistent with sempre." Dal racconto Occidentali: "Era possibile advert esempio che i suoi genitori si odiassero. Ma odiarsi according to loro period più importante che cercare qualcun altro da amare o di amare qualcun altro." "I cambiamenti si riconoscevano, credeva, non da ciò che gli altri pensavano di te, ma da ciò che tu pensi di te stesso." "Ma c'era stato un momento, nel lasciare il negozio di giocattoli, in cui Matthews aveva pensato di non tornare indietro, di fare un lungo pranzo solitario, di comprare il sigaro che aveva immaginato e di uscire in line with una lunga, lunghissima passeggiata."
